

Anti-Bullying Policy

Reviewed: 22nd August 2024

Rationale

The school is committed to a policy of inclusion, equality and justice. We provide a caring, supportive, safe and orderly school environment and believe that bullying of any kind is totally unacceptable and will not be tolerated.

Bullying is entirely contrary to the values and principles we instill in our pupils and live by. Everyone has the right to be treated with equal respect and dignity.

The school stands against bullying and cyber-bullying in two ways:

- By sustaining a general ethos that discourages bullying and cyber-bullying through providing positive alternatives and encouraging the pupils to discuss issues and conflicts in an open, supportive manner.
- By having clear procedures, understood by pupils, staff and parents that are followed if bullying or cyber-bullying is reported.

Definitions – Bullying versus Conflict

Bullying involves the intentional and persistent abuse of power, intended to cause harm. It may take several different forms, for example; physical attack, verbal abuse, psychological abuse (e.g. spreading rumours, isolation etc.) and cyber-bullying (social websites, misuse of mobile phones, text messages, photographs, e-mails etc.). Bullying can also exist in racial, religious, cultural, sexual and homophobic forms. Bullying can happen at all levels of society, to both adults and children.

Bullying is not a one-off act of random unkindness or violence against an individual nor should it be misguidedly associated with conflict.

Conflict is a struggle between two or more people who perceive they have incompatible goals or desires. Conflict can and will occur naturally as people interact with one another. It is a normal part of life that an individual will not always agree with another about the things he or she wants, thinks or does. Often conflicts arise in the moment because two or more individuals see the same situation from different points of view.

Types of Bullying

It is Bullying if it is done Several Times On Purpose (STOP).

Physical Bullying

Pushing, punching, kicking, hitting, pinching, hazing and any other physical form of attack.

Verbal Bullying

Insults, teasing, name-calling, taunting, noises, threatening, racist remarks, spreading rumours, and other verbal abuses.

Covert Bullying

Often harder to recognise and can be carried out behind the bullied person's back. Examples include lying and spreading rumours, negative facial or physical gestures, menacing or contemptuous looks, playing nasty jokes to embarrass and humiliate, mimicking unkindly, encouraging others to socially exclude someone or damaging someone's social reputation and social acceptance.

Cyber Bullying

Overt or covert bullying behaviours using digital technologies. This is a key element to monitor with the iPads / laptops available to children and our focus on the pupil's digital footprint. Websites and Apps like Showbie need to be monitored and pupils need to be made aware of how to report issues.

Other examples of cyber bullying include harassment via a mobile phone, setting up a defamatory personal website / social media account or deliberately excluding someone from social networking spaces. Cyber bullying can happen at any time. It can be in public or in private, and sometimes only known to the target and the perpetrator.

Anti-Bullying Strategy

The most effective way to prevent bullying is to create, maintain and reinforce an ethos of good behaviour where pupils treat each other and school staff with respect, and to teach them about the importance of understanding and tolerating people's differences. This is further reinforced by way of the CARE code during form time sessions, school assemblies, House meetings, Circle Time and during class discussions etc.

The Anti-Bullying Strategy is further reinforced by but not limited to:

1. Staff Training
2. Restorative Justice - teaching the children to understand what affect their actions have on others
3. Whole school activities such as Friendship Week, International Day, House competitions etc.
4. Moral Education lessons, teaching tolerance and appreciation
5. Pupil Council meetings – an opportunity for pupils to offer suggestions for creating a stimulating and caring learning environment
6. 'Worry Boxes' – an opportunity for any pupil to share confidential information with their teacher
7. Friendship Benches
8. Playground initiatives to encourage cooperative play

Procedures for Dealing with Bullying

Concerns about bullying can be raised by any pupil, member of staff or parent and should always be directed in the first instance towards the form teacher.

Students

Tell:

- Your Teacher / Teaching Assistant/ Learning Support Assistant / School Counsellor
- A parent or adult whom you feel you can trust
- The bully to “STOP”

Go to:

- The Worry Box / Feelings Tree
- A friend / group of friends or people you trust during lunch and play times
- The class council rep

If you see someone being bullied (bystander):

- Don't talk to the bully or the person being bullied
- Find a member of staff (or an adult you trust) and report your concerns as soon as possible

Parents

- Listen to your child's concerns
- Report the incident to your child's class teacher, even if they don't want you to
- Teach your child learn that it is ok to speak up about bullying
- Do NOT attempt to sort the problem out yourself by speaking to the alleged perpetrator or by speaking to their parents
- Do NOT encourage your child to be a “bully” or to hit back
